Photography – Sertoma Digital Photo – Beyond Program Mode

Age: 16yrs and up. You are ready to take your camera off Program, Scenic or Auto mode, but don't know how to proceed? This course will take you to the next level in a fun, exciting fashion. You will FULLY understand how and when to use aperture priority, shutter priority or manual modes, understand in-camera metering, be able to interpret histograms, perform custom white balances, appreciate the legal rights of photographers, use exposure bracketing, and understand the advantages of shooting in Raw as opposed to JPGs. Also comprised of Critique and Q&A sessions, this is mainly a hands-on class, so bring your DSLR or advanced Point & Shoot (one with Aperture, Shutter and Manual modes), its manual, flash, extra fresh batteries and several memory cards to every class. Optional: Bring your external flash, its manual and fresh batteries. A \$15 materials fee will be paid directly to the instructor at the start of the class. Ted Salamone, Instructs. Course Fee: \$55

#122214 May 30-Jun 6 W 6:30-9:30pm

Photography – Sertoma Digital Photo – Camera Flash

Age: 16yrs and up. You will learn about flash exposure compensation, off-camera flash use, The Inverse Square Law of Light, and how to bounce your flash. Various diffusers and light modifiers will be demonstrated so you can judge their effects before buying them. We will critique student images in the second class, an invaluable way to learn good techniques and how to correct for bad ones. For DSLR and Point and Shoot cameras. Bring your camera, its manual, empty memory cards and plenty of fresh batteries. Optional: Bring your external flash, its manual and fresh batteries. A \$15 materials fee will be paid directly to the instructor at the start of the class. Ted Salamone, Instructs. Course Fee: \$55

#122215 Jul 12-19 Th 6:30-9:30pm

Photography – Sertoma Digital Photo – Expert Tips and Tricks

Age: 16yrs and up. This course will teach you a wide variety of tips, tricks and techniques learned over a lifetime of photographing wildlife, nature, sports (pro and amateur), portraits (location and studio), architecture, weddings, commercial and editorial photography on six continents. These proven shortcuts will help you achieve better exposures faster and more consistently, compose your photos better, improve your posing skills, streamline your workflow to save time and even help you shoot better in low light and high speed situations. Also comprised of Critique and Q&A sessions, this is mainly a hands-on class, so bring your DSLR or advanced Point & Shoot (with Shutter, Aperture and Manual modes), its manual, flash, extra fresh batteries and several memory cards to every class. Optional: Bring your external flash, its manual and fresh batteries. A \$15 materials fee will be paid directly to the instructor at the start of the class. Ted Salamone instructs **Sertoma Arts Center** – Course Fee: \$55

#122712 May 24-31 Th 6:30-9:30pm

Photography – Sertoma Digital Photo – Macro for Under \$20

Age: 16yrs and up. Don't be fooled by the Tulip Macro icon on your lens or camera – it does not let you take real macro images! However, by enrolling in the course, you will learn how to take real macro photos (life size or larger) for less than \$20. That's right, you do NOT need to buy an expensive macro lens. Students will learn how to use their EXISTING lenses, turning them into real macro tools. This course is a combination of hands-on experience, lecture and interactive image critique. Class materials fee of \$15 is directly payable to the instructor. Bring your camera, lenses, camera manual, spare fresh batteries and spare empty memory cards. Ted Salamone, Instructs. Course Fee: \$55

#122713 Jul 9-16 M 6:30-9:30pm

Photography – Sertoma Digital Photo– Scrapbooking and Design

Age: 16yrs and up. By learning about different software and online services and how to use the most popular ones, you will learn how to quickly and creatively design scrapbooks, photo albums, collages and more! Output options, such as printing on paper, metal and canvas will be taught, as well as how to create Flash and HTML slideshows with or without music. Creation of self running CDs and DVDs to show off your finished items will also be covered. By the end of this course you will understand the full range of tools available for digital design and scrapbooking, as well many design shortcuts that improve your work while reducing the time spent. Professional album design software, design elements, fonts and more are included on the materials disc. A \$15 materials fee will be paid directly to the instructor at the start of the class. Ted Salamone Instructs. Course Fee: \$55
